DETAILED ACTION

Allowable Subject Matter

Claims 1-9 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 1 recites "a first filter cover; a second filter cover; a fastening unit to fasten the first filter cover to the second filter cover". Lewis, II(6264713) teaches a filter cover assembly mounted to an opening of a casing of an air conditioning unit to close the opening, with a filter installed within the casing, wherein the cover includes a single cover with a fastening unit to fasten the single cover to the casing, the fastening unit including a rotating know, locking member and shaft. However Lewis, II does not teach or suggest a second filter cover, and a fastening unit to fasten the first filter cover to the second filter cover. It would not have been obvious to someone of ordinary skill in the art at the time of the invention to provide a first filter cover; a second filter cover; and a fastening unit to fasten the first filter cover to the second filter cover because Lewis II does not suggest such a modification. Claims 2-9 depend on claim 1 and hence are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
